Build your RFQ

Formats to discuss

Whole fresh produce; washed or trimmed items; peeled, sliced, diced or portioned produce; fruit mixes and salad mixes. Prepared formats are sourcing enquiries and require separate confirmation of handling, shelf life and packaging.

Procurement checklist

Product and variety; quantity and unit; city and delivery site; delivery schedule; origin and grade; size count; ripeness; packaging; substitution policy. Specify conventional or certified organic requirements with the documentation you need.

Availability and quotation

Examples are a sourcing directory, not a live stock list. Seasonal and specialty products, prepared formats, certifications, minimum quantities, delivery coverage and commercial terms must be confirmed in your quotation.
