Company profile

Fresh produce sourcing for Saudi businesses

About CSBS

CSBS Business is the produce-supply website of Core Superior Business Solutions Company. We receive fruit and vegetable sourcing enquiries from businesses in Saudi Arabia and discuss product specifications, quantities and delivery requirements.

Who we serve

Restaurants and cafes; hotels and hospitality; catering and central kitchens; retail, supermarkets, wholesale and distribution.

A supply plan built around your operation

Share the products and quantities you need, your city and preferred delivery schedule. Specify grades, origin preferences, packaging and ripeness. Tell us whether substitutions require approval.

From enquiry to agreement

1. Send your business details and supply requirements.
2. Discuss availability, specifications and delivery coverage with the team.
3. Review a written quotation covering products, quantities, prices and applicable delivery and payment terms. Orders proceed only after confirmation.

Request a quote (RFQ)

Email help@csbs.sa or call / WhatsApp +966 53 122 6244. Include your company name, city and product list to help us assess your enquiry.
